PREFACE

In the difficult conditions which the business World is still experiencing KELLY'S DIRECTORY OF MERCHANTS, MANUFACTURERS AND SHIPPERS OF THE WORLD is more necessary than ever. This Directory without doubt provides a vast fund of useful information which can be obtained from no one other source. The information given in the last edition has moreover been subjected to exhaustive revision, and the new edition, which is the 47th, is thus well abreast of the times. The Publishers wish to thank all those who have made this revision possible.

The Directory continues to be consulted by a very large number of enquirers in all countries and the support which is given to it by numberless business houses throughout the World is evidence of the indispensable part it plays in World trade. The feature which first appeared in the 1930 edition is repeated, whereby stars (*) are used in the Index to Trades to indicate the sections in which entries will be found for firms who have evinced their special interest in World trade by ordering insertions in prominent type.

The Publishers would point out that the section for Iraq has been removed from Volume 2 to Volume 1, owing to the fact that Iraq is no longer under British Mandate.

The Publishers wish to draw attention to the fact that every part of this Book is copyright, and that if this be infringed immediate proceedings will be taken to vindicate their rights. They wish also to repeat their warning to subscribers against being misled by cuttings of entries taken from Kelly's Directory which are not sent out by the Publishers. All cuttings sent out by the Publishers are either accompanied by letters bearing the name of Kelly's Directories Ltd., or are submitted by their accredited representatives.

Users of the Directory are advised to read through the instructions given on the pages following this Preface.

London,
May, 1933.

NOTE.—The information given in this volume relates to places other than Great Britain, Ireland, and the British Colonies, Possessions, Overseas Dominions, and Protectorates and Territories under British Mandate, for which see Vol. II.

Les renseignements contenus dans ce livre se rapportent aux lieux ne faisant pas partie de l'Empire Britannique. Pour les indications relatives à la Grande Bretagne, Irlande et les Colonies, Possessions, Dominions, et Protectorats Britanniques et Territoires sous Mandat Britannique, voir tome II.

Dieser Band enthält die Angaben über alle Länder mit Ausnahme von Grossbritannien, Irland, den britischen Kolonien, Besitzungen, überseeischen Kronländern, Schutzgebieten und Mandatsgebieten, welche im 2. Band verzeichnet sind.

La información contenida en este libro se refiere a las partes del Mundo que no son parte del Imperio Británico. Para los datos referentes a la Gran Bretaña, Irlanda y las Colonias, Posesiones, Dominios ultramarinos y Protectorados Británicos y Territorios bajo Mandato Británico, véase tomo II.

INSTRUCTIONS FOR THE USE OF THE DIRECTORY

Kelly's Directory of Merchants, Manufacturers & Shippers of the World is in two volumes and includes lists of the names of Exporters, Importers, Manufacturers, Banks, Commission Agents, Shipping Agents, etc. throughout the World.

Volume 1 contains information concerning **all the countries of the World (except the British Empire)**, and is divided by continents as follows:—(*a*) Europe; (*b*) Asia; (*c*) Africa; (*d*) America (Central, North and South) and the West Indies. The division for each continent contains in alphabetical order sections for the countries which form part of that continent. The section for each country contains in alphabetical order sub-sections for the towns in that country. The sub-section for each town is divided in its turn into trade headings arranged in alphabetical order and under the trade headings are given in clear fashion the names and addresses. For the United States of America there is a General Trades Classification where the names of those engaged in any trade throughout the country appear in **one** alphabetical list under the heading referring to that trade (pages 1658-1916).

Volume 2 contains information concerning **the British Empire** and is divided as follows:—

(*a*) Great Britain and Ireland.

(*b*) The British Dominions, Colonies, Possessions, Protectorates and Territories under British Mandate (i) in Europe; (ii) in Asia; (iii) in Africa; (iv) in America; (v) in Australia; (vi) in New Zealand.

The Section for Great Britain and Ireland is divided into three parts: England, Scotland and Wales (except London), sometimes referred to as the "Provinces"; London; Ireland; each part contains an alphabetical list of firms, a classification of the firms under the trade headings, **a list of telegraphic addresses and separate lists of the Exporters and Importers** arranged alphabetically under the headings of the goods which they either export or import. The pages coloured green at the end of the section for Great Britain and Ireland contain reproductions of trade marks.
The information concerning the British Dominions, etc. is arranged in a similar way to that appearing in Vol. 1.

The Regulations in force with regard to Commercial Travellers in all parts of the World and other useful information will be found at the beginning of Vol. 2 (pages lxxxvi—cv).

HOW TO FIND the section for a particular country or town. Refer to the indexes **(pages xxvii—lxxiv in Vol. 1, and ix—xvi in Vol. 2)** to countries and towns at the beginning of each volume. If you do not find the name of a town in the index in Vol. 1, you should consult the index in Vol. 2, as the section for the town may be in that volume. After the name of each country and town appearing in the indexes is given the number of the page on which the information relating to that country or to will be found.

TO FIND the names of firms engaged in a particular trade. Refer to the Indexes (pages lxxvii—cclxxxix in Vol. 1, and xvii—lxxvi in Vol. 2) to Trade Headings following immediately after the Indexes to Countries and Towns. Under each heading for a particular trade is given an alphabetical list of the places where such trade is carried on. Against each place mentioned is given the number of the page on which the information relating to that place will be found. In the case of the United States of America, the references given are to the General Trades Classification mentioned above, and not to the towns in the U.S.A. These indexes enable one to find without difficulty the names and addresses of firms **throughout the World** who are engaged in any given trade. If these names and addresses are required for **one country only** refer to the list on page xxv showing the numbers of the pages occupied by the section for that country. Then turn to the Index to Trades and refer only to the pages whose numbers fall between the first and last pages of the section. For example, if the names of Wine Exporters are required for Spain alone, only those pages mentioned under the heading of Wine Exporters in the Index to Trades should be referred to whose numbers lie between 1229 and 1844.

Users of the book will be well advised to consult especially the sections for those towns against the names of which asterisks or stars appear. **The asterisks or stars** are printed to show that in the sections for such towns there will be found entries of firms especially interested in World trade. Such entries are easily noticed by the fact that they contain more prominent type than that ordinarily used throughout the book as well as in many cases much information of direct interest.

Since the division for Great Britain and Ireland in Vol. 2 does not contain a separate section for each town, there will not be found mentioned in the Index to Towns, Vol. 2 nor in the Index to Trades, Vol. 2, the names of towns in Great Britain and Ireland. The only references for Great Britain and Ireland are those to the sections for " Provinces " [i.e. England, Scotland and Wales (less London)], or London, or Ireland.

Even if you do not find the actual trade that you want mentioned in the Index to Trades, you will easily find a trade heading covering the trade in question. If also you cannot find the information you desire given under a certain trade heading, you should refer to the lists given under other similar trade headings.

Any user of the directory who is unacquainted with English but is acquainted with French or German or Spanish should first consult the Vocabularies of trade headings given in Vol. 1 in French (pages ccxci—cccix), German (pages cccx—cccxxvii) and Spanish (pages cccxxviii—cccxlv). Having discovered from these Vocabularies the equivalent in English of any trade in which he is interested, the user should turn to the English trade heading in the Index to Trades and then refer to the pages to which this Index directs him.

At the end of the section for each country are the pages containing special displayed advertisements. The remark " See Advert. Index Front of Book " or some such equivalent remark frequently occurring throughout the directory refers to the indexes on pages xv—xxiv in Vol. 1, and v—vii in Vol. 2, where the name of each firm having a displayed advertisement is given together with the number of the page where the advertisement appears.

INSTRUCTIONS POUR L'EMPLOI PRATIQUE DE L'ANNUAIRE UNIVERSEL "KELLY" DE L'EXPORTATION ET DE L'IMPORTATION.

Kelly's Directory of Merchants, Manufacturers & Shippers of the World contient, avec divers renseignements, la liste des noms, adresses et professions des exportateurs, importateurs, fabricants, banquiers, agents commissionnaires, agents maritimes, etc., de tous les pays du monde.

Il comprend deux volumes,

Volume 1 concernant tous les pays du monde sauf l'Empire Britannique,

Volume 2 concernant l'Empire Britannique.

Volume 1.—Tous les pays du monde sauf l'Empire Britannique.

La classification de ce volume est faite par continent, comme suit:—(*a*) Europe; (*b*) Asie; (*c*) Afrique; (*d*) Amériques centrale, du Nord, du Sud, Indes occidentales. Les pays de chaque continent sont classés par ordre alphabétique, ainsi que les villes ou places de chacun de ces pays. Dans chacune de ces villes ou places se trouve, toujours en ordre alphabétique, la nomenclature des différentes rubriques commerciales, et, sous chaque rubrique, la liste des noms et adresses des commerçants (grossistes), industriels, professionnels, etc.

Pour les Etats-Unis d'Amérique, il y a une classification générale, où les noms des firmes engagées dans un commerce déterminé sont mentionnés dans une seule liste alphabétique pour tout le pays sous la rubrique se référant à ce commerce (pages 1658—1916).

Volume 2.—Empire Britannique.

La classification de ce volume est faite comme suit:—

(*a*) Grande Bretagne et Irlande.

(*b*) Colonies du Royaume-Uni, ses Dominions, Possessions, Protectorats, Territoires de Mandat Britannique en Europe, Asie, Afrique, Amérique, Australie, Nouvelle-Zélande.

La section pour Grande Bretagne et Irlande est divisée en trois parties: la première partie comprenant l'Angleterre, l'Ecosse et le Pays de Galles (Londres excepté), parfois appelés "Provinces"; la deuxième partie Londres; la troisième partie l'Irlande.

Chacune de ces parties contient une liste alphabétique des firmes, une classification des firmes sous les rubriques commerciales, une liste des adresses télégraphiques et des listes séparées des exportateurs et importateurs, classées alphabétiquement, sous les rubriques des marchandises exportées ou importées.

Les pages de couleur verte à la fin de la section pour Grande Bretagne et Irlande contiennent les reproductions de marques de fabrique.

Les informations relatives aux Dominions, etc., sont arrangées dans le même plan que celui du Vol. 1.

Les règlements en vigueur à l'égard des voyageurs de commerce dans toutes les parties du monde, et autres informations utiles se trouvent au commencement du Vol. 2 (pages lxxxvi—cv).

POUR TROUVER la section pour **une contrée ou ville particulière**, se reporter aux tables des matières (pages xxvii—lxxiv Vol. 1 et ix—xvi Vol. 2) des contrées et villes au commencement de chaque volume. Si le nom de la ville cherché dans la table du Vol. 1 ne s'y trouve pas, consulter la table du Vol. 2, la section pour la ville cherchée pouvant être dans ce volume. Après le nom de chaque contrée et ville mentionnées dans les tables est indiqué le numéro de la page dans laquelle se trouvent les informations qui y sont relatives.

POUR TROUVER les noms de firmes d'un commerce déterminé, se référer aux tables des industries "Index to Trades" (pages lxxvii—cclxxxix Vol. 1 et pages xvii—lxxvi Vol. 2) placées immédiatement après les tables des contrées et villes. Sous chaque rubrique pour un commerce déterminé est mentionnée une liste alphabétique des villes où le dit commerce est exercé, avec indication du numéro des pages où se trouvent les informations relatives à ces villes. Dans le cas des Etats-Unis d'Amérique, les numéros des pages renvoient à la classification générale ci-dessus mentionnée et non aux villes. Les tables des industries permettent de trouver sans difficulté les noms et adresses des firmes **du monde entier** qui sont engagées dans un commerce déterminé. Si on a besoin de ces noms et adresses pour **un seul pays**, consulter la liste "Table Alphabétique des Pays" à la page xxv afin d'obtenir les numéros des pages de la section consacrée à ce pays. Puis se référer dans les tables des industries seulement aux pages de ces numéros. Par exemple, si on ne désire connaître que les noms et adresses d'exportateurs de vins de l'Espagne, on doit se reporter seulement aux pages mentionnées sous la rubrique "Vins, Exportateurs de" dans les tables des industries portant les numéros 1229 à 1344.

* Aux tables de industries ont été mentionné des étoiles ou astérisques indiquant les villes où peuvent être trouvées des insertions gras, soit des firmes s'intéressant particulièrement au commerce d'exportation et d'importation. Les insertions de ces firmes contiennent dans de nombreux cas beaucoup d'informations d'intérêt direct.

La division pour Grande Bretagne et Irlande ne contenant pas de section séparée pour chaque ville, il ne peut être trouvé mentionné dans la table des villes du Vol. 2, ni dans la table des professions de ce même volume, les noms des villes de ces pays; les seuls références pour Grande Bretagne et Irlande sont alors celles des sections "Provinces," c'est-à-dire l'Angleterre, l'Ecosse, et le Pays de Galles (Londres excepté), ou Londres ou Irlande.

Même si un commerce déterminé n'est pas trouvé dans la table des professions, il peut être facilement trouvé une rubrique commerciale couvrant le commerce en question; si aussi l'information désirée ne se trouve pas dans une certaine rubrique, cette information peut se trouver sous d'autres rubriques similaires.

Tout usager de l'annuaire non instruit de la langue anglaise, mais connaissant le français, l'allemand ou l'espagnol, se réfère aux vocabulaires des rubriques commerciales du Vol. 1, en français (pages ccxci—cccix), allemand (pages cccx—cccxxvii), espagnol (pages cccxxviii—cccxlv). Ayant obtenu de ces vocabulaires la traduction en anglais de la rubrique commerciale considérée, l'usager retourne à la table anglaise des industries "Index to Trades" et ensuite aux pages auxquelles l'index le réfère.

Par example, un négociant français, exportateur de vins, qui désire connaître les noms des importateurs de vin, consulte le vocabulaire français et trouve que "Vins, importateurs de" se traduit en anglais par les mots "Wine Importers." En se reportant ensuite à la "Table Anglaise des Industries," ("Index to Trades") et à la rubrique "Wine Importers" il trouvera la liste de toutes les villes du monde dans lesquelles les importateurs de vins exercent leur commerce, et, pour chacune de ces villes, l'indication de la page où se trouve la rubrique "Wine Importers."

Les annonces d'un emplacement égal ou supérieur à un quart de page ne sont pas insérées dans le cours d'une section déterminée, mais en fin de chaque section ; les mots "Voir table des annonceurs au commencement du livre" ou autres mots de signification équivalente, fréquemment imprimés dans le cours de l'annuaire, renvoient aux pages xv—xxiv Vol. 1 et v—vii Vol. 2, où les noms des annonceurs sont données, ainsi que le numéro de la page où l'annonce paraît.

ANLEITUNG FÜR DEN PRAKTISCHEN GEBRAUCH VON KELLY'S WELTHANDELSADRESSBUCH.

Kelly's Directory of Merchants, Manufacturers & Shippers of the World erscheint in zwei Bänden und enthält Firmenverzeichnisse der Exporteure, Importeure, Fabrikanten, Banken, Kommissionsgeschäfte, Spediteure und Schiffahrtsagenten usw. der ganzen Welt.

Band I bringt das Material **aus allen Ländern der Welt ausserhalb des britischen Weltreiches** und ist nach Erdteilen in nachstehender Reihenfolge eingeteilt: — (*a*) Europa; (*b*) Asien; (*c*) Afrika; (*d*) Amerika (Mittel-, Nord- und Süd-) und Westindien. Die Unterteilung für jeden Erdteil ist in alphabetischen Abschnitten nach den Ländern vorgenommen, die den betreffenden Erdteil bilden. Unter jedem Land sind in alphabetischer Reihenfolge Abschnitte für jede Stadt eingerichtet. Die Firmenlisten jeder Stadt sind wieder untergeteilt nach Branchen, die wieder in alphabetischer Reihenfolge geordnet sind, und unter jeder Branche sind in deutlicher Weise Namen und Adressen der in Betracht kommenden Firmen aufgeführt. Für die Vereinigten Staaten von Nordamerika enthält das Werk eine: "General Trades Classification," d.h. eine Zusammenstellung jeder Branche in alphabetischer Reihenfolge für das ganze Land, sodass für die gesamten Vereinigten Staaten die in Betracht kommenden Firmenlisten für jede Rubrik eine alphabetische Liste bilden (Seiten 1658—1916).

Band II enthält **das Material für das britische Reich** und ist wie folgt eingeteilt:—

(*a*) Grossbritannien und Irland.

(*b*) die britischen Dominien, Kolonien, Besitzungen, Protektorate und Mandatsgebiete (i) in Europa; (ii) in Asien; (iii) in Afrika; (iv) in Amerika; (v) in Australien; (vi) in Neuseeland.

Der Abschnitt "Grossbritannien und Irland" ist in drei Teile untergeteilt: "England, Schottland und Wales" (mit Ausnahme Londons), und dieser Abschnitt ist zuweilen als "Provinces" bezeichnet; "London"; und "Irland"; jeder Abschnitt enthält alphabetische Firmenlisten, eine Zusammenstellung der Firmen nach Branchen, eine Liste der Telegrammadressen und besondere Listen der Exporteure, und Importeure in alphabetischer Reihenfolge geordnet nach den Warenbranchen, in denen sie Export oder Import haben. Hinter den Abschnitten für Grossbritannien und Irland ist auf grünem Papier ein Schutzmarkenverzeichnis eingefügt, welches eine beschränkte Anzahl von Schutzmarken im Bilde wiedergibt.

Die Angaben über die britischen Dominien usw. sind in ähnlicher Weise alphabetisch geordnet wie die Angaben in Band I.

Die Vorschriften, welche für Handelsreisende in den verschiedenen Ländern in Geltung sind, ebenso wie sonstige wichtige Informationen ähnlicher Art befinden sich am Anfang von Band II (Seiten lxxxvi—cv).

Um ein bestimmtes Land oder eine bestimmte Stadt zu finden, empfiehlt es sich, im "Index to Countries, Towns &c." (Seite xxvii—lxxiv in Band I und ix—xvi in Band II) am Anfang jeden Bandes nachzuschlagen. Ist der Name der gesuchten Stadt usw. nicht in Band I zu finden, so empfiehlt es sich, in Band II nachzuschlagen. In diesem Verzeichnis ist hinter dem Namen jeden Landes und jeder Stadt die Seitenzahl angegeben, auf welcher die Einzelheiten betreffend dieses Land oder diese Stadt zu finden sind.

Branchenlisten. Um die Namen oder Listen einer bestimmten Branche zu ermitteln, ist der "Index to Trades" (Seite lxxvii—cclxxxix in Band I und Seite xvii—lxxvi in Band II) nachzuschlagen, der unmittelbar den "Indexes to Countries and Towns" in jedem Bande folgt. Hier sind die Branchenbezeichnungen in alphabetischer Reihenfolge aufgeführt und unter jeder Rubrik sind alphabetische Listen der Plätze verzeichnet, unter welchen die betreffende Branche vorkommt. Neben jedem Ort ist die Seitenzahl angegeben, auf welcher die Angaben bezüglich des angeführten Platzes gefunden werden. Für die Vereinigten Staaten von Nordamerika beziehen sich diese Zahlen ausnahmsweise jedoch nur auf die "General Trades Classification" (Allgemeine Branchenlisten), nicht aber auf die einzelnen Städte in den Vereinigten Staaten. Durch diese Verzeichnisse ist es dem Benutzer ohne Schwierigkeiten möglich, Namen und Adressen der Firmen jeglicher Geschäftszweige **der ganzen Welt** festzustellen. Wenn diese Namen und Adressen nur für ein bestimmtes Land gewünscht werden, schlägt man in der Liste auf Seite xxvi nach, welche die ersten und letzten Nummern der für den Abschnitt des betreffenden Landes in Frage kommenden Seiten enthält. Alsdann schlägt man im Branchenverzeichnis diejenigen Seiten auf, deren Nummern zwischen den ersten und letzten Seiten des Abschnittes liegen. Wenn z. B. die Namen der Wein-Exporteure nur für Spanien gewünscht werden, braucht man im Branchenverzeichnis nur die unter der Rubrik "Wine Exporters" angegebenen Seiten aufzuschlagen, deren Nummern zwischen 1229 und 1344 liegen.

Den Benutzern des Werkes wird empfohlen, besonders die Listen unter denjenigen Städten aufzuschlagen, bei denen vor dem Städtenamen ein * (Stern) angebracht ist. Dieser Stern soll andeuten, dass unter dem betreffenden Platz Firmen aufgeführt sind, die besonderes Interesse für Ausdehnung ihrer Geschäftsbeziehungen haben. Dieser Umstand ergibt sich aus der Tatsache, dass die betreffenden Firmen in Fettdruck oder durch sonstige Sonderangaben hervortreten, womit die Inserenten andeuten wollen, dass sie zur Anknüpfung neuer Geschäftsverbindungen geneigt sind.

Wie oben erwähnt, enthält der Abschnitt für "Grossbritannien und Irland" in Band II keine alphabetische Einteilung nach Städten, und die englischen Orte sind daher im "Index to Towns" im Band II **nicht besonders** aufgeführt, ebensowenig im "Index to Trades" im Band II. Die betreffenden Firmenverzeichnisse befinden sich hier unter der Sammelangabe "Provinces" bezw. "London" bezw. "Irland."

In einzelnen Fällen mag diese oder jene Branche nicht unter der gesuchten Bezeichnung im "Index to Trades" zu finden sein. In solchen Fällen empfiehlt es sich, eine nächstliegende ähnliche Branchenbezeichnung zu suchen, die als Ersatz dafür verwendet ist. Ebenso wird es sich empfehlen, eine nächstgelegene Rubrik nachzuschlagen, falls unter einer bestimmten Branche die gewünschten Angaben nicht gefunden werden.

Für die Benutzer des Werkes, welche mit der englischen Sprache nicht ausreichend vertraut sind, ist die Verwendung des Werkes erleichtert durch Einschaltung von "Wörterverzeichnissen" die in Band I in französischer (Seite ccxci—cccix) deutscher (Seite cccx—cccxxvii) und spanischer (Seite cccxxviii—cccxlv) Sprache gegeben sind. An Hand dieser Wörterverzeichnisse wird die Uebersetzung für die gesuchten Branchen ermittelt und danach kann der Benutzer dann im "Index to Trades" die englische Branche aufschlagen und an Hand der Seitenzahlen diejenigen Städte ermitteln, unter denen er die gesuchten Firmenverzeichnisse findet.

Sucht ein deutscher Weinexporteur die Namen der für ihn geeigneten ausländischen Interessenten seiner Erzeugnisse, so wird er zunächst im "Deutsch-englischen Wörterverzeichnis" nachschlagen, wo er feststellt, dass die für ihn in Betracht kommenden Firmen "Wein Importeure" unter der Rubrik "Wine Importers" zu finden sind. Hierauf schlägt er im "Index to Trades" diese Rubrik "Wine Importers" auf und findet hier eine Liste aller Orte, unter denen "Wein Importeure" verzeichnet stehen, wobei gleichzeitig die Seitenzahl angegeben ist, auf der die Firmen unter diesen Plätzen im Werk verzeichnet sind.

[illegible] jeden einzelnen Länderabschnitt sind Anzeigenseiten eingefügt, welche [illegible] Inserate enthalten. Der Hinweis "See Advertisement Index Front of Book" oder ein ähnlicher Vermerk erscheint häufig in allen Abschnitten des Werkes und verweist auf den "*Index to Advertisements*" auf Seite xv—xxiv in Band I und Seite v—vii in Band II. Hier sind die Namen der Inserenten, sowohl alphabetisch nach Namen wie nach Artikeln geordnet, verzeichnet mit Angabe der Seitenzahl, auf welcher die betreffenden Anzeigen erscheinen.

INSTRUCCIONES PARA EL USO PRÁCTICO DEL ANUARIO "KELLY" DE COMERCIANTES, FABRICANTES, IMPORTADORES Y EXPORTADORES DEL MUNDO.

Kelly's Directory of Merchants, Manufacturers & Shippers of the World está publicado en dos tomos y contiene listas de los nombres de los exportadores, importadores, fabricantes, bancos, comisionistas, agentes marítimos etc. por todo el mundo.

Tomo I contiene información respecto a **todos los países del mundo** (con excepción del Imperio Británico) y está dividido según los continentes del modo siguiente:—(*a*) Europa; (*b*) Asia; (*c*) Africa; (*d*) America (Central, Norte y del Sur) y (*e*) las Indias Occidentales. Cada una de estas divisiones contiene por órden alfabético las secciones de los países que la integran. La sección de cada país contiene por orden alfabético sub-secciones para las diversas poblaciones de dicho país. La sub-sección de cada población está dividida a su vez en epígrafes industriales por órden alfabético de industrias y bajo los epígrafes van claramente los nombres de las firmas que se ocupan en dichas industrias. Con respecto a los Estados Unidos hay Una Lista General clasificada según la industria a la cual se dedican las firmas por todo ese país (páginas 1653—1916).

Tomo II contiene información respecto al **Imperio Británico** y está divido del modo siguiente:—

(*a*) Gran Bretaña e Irlanda.

(*b*) Dominios Británicos, Colonias, Posesiones, Protectorados y Territorios bajo mandato británico (i) en Europa; (ii) en Asia; (iii) en Africa; (iv) en America; (v) en Australia; (vi) en Nueva Zelandia.

La sección de Gran Bretaña e Irlanda está dividida en tres partes: Inglaterra, Escocia y Gales (menos Londres), encabezadas a su vez "Provinces"; "London"; "Ireland"; cada parte contiene una lista alfabética de las firmas, su clasificación en listas industriales; una lista de las direcciones telegráficas y otras separadas de los exportadores e importadores arregladas en orden alfabético, bajo los epígrafes de las mercancias que exporten o importen. Las hojas de color verde a la terminación de la sección británica contienen reproducciones de las marcas registradas de fábrica.

La información respecto a los Dominios Británicos está arreglada igual a la del tomo I.

Los reglamentos respecto a los agentes viajantes en todas partes del mundo y otros informes de utilidad se encontrarán al principio del tomo II (páginas lxxxvi—cv).

Modo de hallar la sección de cualquier país o población. Refierese a los índices de países y poblaciones (páginas xxvii—lxxiv en el tomo I y ix—xvi en el tomo II). Si no se puede encontrar el nombre de una población en el índice del tomo I debía de consultar el índice del tomo II, pues puede ser que está en ese. Enfrente del nombre del país o población en los índices va el número de la página donde figura la información respecto a dicho país o población.

Modo de hallar los nombres de firmas que se dedican a cualquier industria. Refierese a los índices de Industrias (páginas lxxvii—cclxxxix en el tomo I y xvii—lxxvi en el tomo II) que siguen los índices de países y poblaciones. Bajo cada epígrafe de industria va una lista alfabética de las poblaciónes donde se ocupan en tal industria. Enfrente de cada población está el número de la página donde se encontrará la información respectiva.

En cuanto a los Estados Unidos los numeros refieren a la Lista General de Industrias y no a la sección de los países y poblaciónes. Refiriendose a estos índices es possible *hallar, sin dificultad,* los nombres de todos los que siguen una industria por todo el mundo ; pero en el caso que Vd. desea limitar sus referencias a un solo país debía de consultar la lista que se encuentra en la página No. xxvi Esta lista da los números de las páginas ocupadas por cada país y al consultar el índice de las industrias se debía referirse solamente a las poblaciones que estan registradas con números que vienen entre los dado para el país que solo sea de interés para Vd. Por ejemplo si Vd. desea saber los exportadores de vino en España debía de referirse solamente a esas poblaciones que llevan números entre 1229 y 1844 en el índice de industrias bajo " Wine Exporters."

El que usa el directorio haría bien de consultar, sobre todo, las secciones para poblaciónes marcadas con una estrella. Estas estrellas sirven para anunciar que en las poblaciónes que llevan tal advertencia se encontrará inserciones de casas las mas interesadas en el comercio mundial, entre las cuales se podrá obtener información de mucho interés. Tales inserciones se conocen facilmente pues estan imprimidas en tipo mas pesado que las demas.

Como la división para Gran Bretaña e Irlanda en el tomo II no contiene una sección separada para cada población, no se encontrará en el índice de países y poblaciones tomo II ningún nombre de ninguna población en Gran Bretaña o Irlanda. Las únicas referencias para Gran B[illegible]e Irlanda son las para las secciones encabezadas, " Provinces," " London " o [illegible]."

Aun cuando no se encuentre la industria actual que desee en el índice de industrias, facilmente se encontrará alguna parecida. Igualmente si no puede encontrar la información que desee bajo un epígrafe debía de referirse a otros epígrafes semejantes.

Quienquiera que usa el directorio sin saber el inglés pero sabiendo el francés, alemán o español primeramente debía consultar los vocabularios de las industrias en el tomo I, en francés (páginas ccxci—ccccix), en alemán (páginas cccx—cccxxvii) y en español (páginas cccxxviii—cccxlv). Habiendo hallado en uno de estos vocabularios el equivalente en inglés de la industria que busca, debía de referirse al índice de industrias donde se encontrará el número de la página donde figura dicha industria. Por ejemplo si un exportador español de vinos quiere saber los nombres de casas extranjeras que son importadores, primero buscará en el índice español-inglés las palabras " Vinos, imp. de " y su traducción inglésa " Wine Importers." Luego en el índice general inglés se busca este mismo epígrafe de " Wine Importers " bajo el cual figura la lista de todas las poblaciones donde existe tal comercio, con la página correspondiente a cada una.

Al fin de la sección para cada país siguen las páginas con anuncios especiales. La advertencia " See Advert. Index Front of Book " (es decir, véase el índice de anunciadores al principio del libro) o otras observaciones semejantes que se encuentran por todo el libro, refieren al índice de anunciadores (páginas xv—xxiv en el tomo I y v—vii en el tomo II) donde figuran los nombres de esas casas que tienen anuncios especiales, juntos con el número de la página donde se encontrará el referido anuncio.

INDEX TO TRADES

TABLE DES MATIÈRES DES INDUSTRIES

On trouvera ensuit une table des matières en français à la suite de celle-ci.

BRANCHEN VERZEICHNIS

Ein Deutsch-Englisches Branchen Register befindet sich am Ende dieses Verzeichnisses.

INDICE DE LAS PROFESIONES

Un indice español-inglés sigue á este indice.

The stars ✱ indicate the sections in which you will find the entries of firms especially interested in World trade. You will notice these entries by the fact that they contain more prominent type than is ordinarily used throughout the directory.

Les étoiles ✱ attirent l'attention sur les sections dans lesquelles sont inscrites les inscriptions des firmes s'intéressant particulièrement au commerce du monde. Vous reconnaîtrez ces inscriptions à cause des caractères plus frappants que d'ordinaire qui sont employés là-dedans.

Der den Städtenamen angefügte ✱ (Stern) deutet an, dass unter den betreffenden Orten Sondereintragungen von Firmen zu finden sind, die besonders Interesse für Anknüpfung neuer Geschäftsbeziehungen haben. Dieser Umstand ergibt sich aus der Tatsache, dass die Firmennamen in hervorgehobenem Druck erscheinen, während wie bekanntlich sonst sämtliche Welthandelsfirmen nur in einfachem Druck verzeichnet.

Las estrellas ✱ llaman la atención a las secciones donde se encuentran esas firmas que tienen el mayor interés al comercio mundial. Ud. conocerá estas inserciones puesto que presentadas en caracteres mas pesados que los demas del libro.

NOTE.

For the U.S.A. there is a General Trades Classification, where the names of those engaged in any trade throughout the country appear in one alphabetical list under the heading referring to that trade. In this index the references for the U.S.A. appear the first among the references which are given under the trade headings and refer to this General Trades Classification.
